

# 16th World University Table Tennis Championship

Maribor Slovenia  
July 4 - 9, 2006

## DAILY BULLETIN N° 7 - Sunday, July 9

## Intro

We are approaching the end of the championship but the singles finals are still ahead of us.

We danced all Friday night - all nationalities - without exception, and the bravest continued the tradition on Saturday, with the Lent Festival coming to an end, and the big fireworks show at midnight.

The social part of the championship made strong ties between different peoples, and also between the organisers and the competitors. Furthermore, there was also a chance for the teams to know their coaches and officials in a totally different light.

Today is unfortunately the last day we'll spend together, so make the most out of it - and good luck to you in the singles finals!

## Interview

We spoke with Mr Henrik Rud Pedersen who is responsible for the technical supervision of the championship.

### How would you evaluate the organisation?

-You know this is the first time SUSA organised world university championship. That is the first challenge on this level and you have very young team. But they are very enthusiastic and they do the job in a very good spirit. And if they don't have solution on the questions immediately they will find out and work on it. It's a very good team and they do the best they can.

### Is it good championship? Do you like it here?

-Actually I was here in February my task was to inspect on the news of transportation and now I am back again to see that all the ideas they had and all the things have been evaluated since my first visit. They are doing a wonderful job.

### Did you watch any match here on this championship?

-Oh yes. I am responsible for the technical part of this tournament and I have seen a lot of matches and they played in a very good level. You know we have over 160 athletes about 25% of them are on the world ranking list.

### And for whom do you cheer?

-In my position I have to be neutral so I can't support any specific country. I hope the best team will win. So far we have had very good championships in a very good spirit-fare play all over which is very good. And I hope we will pursue like that-we have one more day to go.

**Marjan Pučnik**

I'm 31 years old, but I still feel like 20 :-)  
I have a degree in economics. I've studied at the University of Maribor and also abroad. In my spare time I like practising different kinds of sports. I started working for the University Sports Association of Maribor 10 years ago. I am now the Secretary General but I started as a volleyball league manager. My part in WUTTC? Well, I am the president of the Executive Committee and I have to keep an eye on everything. I would really like to thank to all members of our great team and especially to all the volunteers, who did really great job.

My name is **Jasna Marčič**, I am 27 years old and I am senior of Faculty of Education. I work at UZSM as coordinator for sports programme. At WUTTC 2006 I'm responsible for competition and technical part of it, so that everything in the Sport Centre works properly.

**Klemen Tasič**

I am the president of the University sports association of Maribor and I have been involved in its activities for a very long time. I'm 29, and am senior of mechanical engineering and economics. I am a diving, swimming, skiing and snowboarding instructor. Now, at the WUTTC I'm the marketing director.

**Maja Hren**

I'm student of history at the Faculty of Education at the University of Maribor and I'm 25 years old. I work at the University Sports Association of Maribor as a public relation officer. At this championship I do all the PR and daily bulletins.

**VOLUNTEERS**

We could not do much without our volunteers - both attaches who took care of the teams, as well as the people who helped us in various ways. Thank U!

Meet the Team

My name is **Mojca Lipič** and I'm 24 years old. I'm student of history at the Faculty of Education in Maribor. I started working at the University Sports Association of Maribor this February, so I'm a new member of the team. I am the marketing and hostess' manager, but at the WUTTC, I'm also in charge of accommodation and catering.

Hi! My name is **Tomislav Petrovič** but all of my friends call me Tomi. I'm a student of Civil Engineering at the University of Electrical Engineering and Computer Science in Maribor. I am actually not involved with the University Sports Association of Maribor anymore, but in the past I was responsible for marketing and technical part for all kind of projects. Now at the WUTTC I am responsible for volunteers but I also help with the transportation and venue.

**Andrej Pišl, prof.**

At the WUTTC I 'm responsible for the entries, accreditations, website and you could say I am in the office 24/7 :) I 'm 26 years old and I have degree in English. I work at the Slovenian University Sports Association (SUSA) as a Business secretary and I have been involved in the organization of international championships for several years.

**Jošt Tasič**

I am 23 years old and I'm studying Civil engineering. I'm the leader of projects such as Students All stars basketball, Nes running etc. During the WUTTC I'm the transport manager, so I am responsible for all driving plans and schedules.
